

Temperature dependence of biomass and ecosystem function depend on species interactions. Supplementary File 3: Zooplankton figures and tables.

Section S3.1: Zooplankton Abundance data over whole experiment

Figure S3. 1: Abundance of zooplankton (Number / 10L) over all tanks and weeks.

Figure S3. 2: Residual plot for linear model of abundance with normally distributed errors

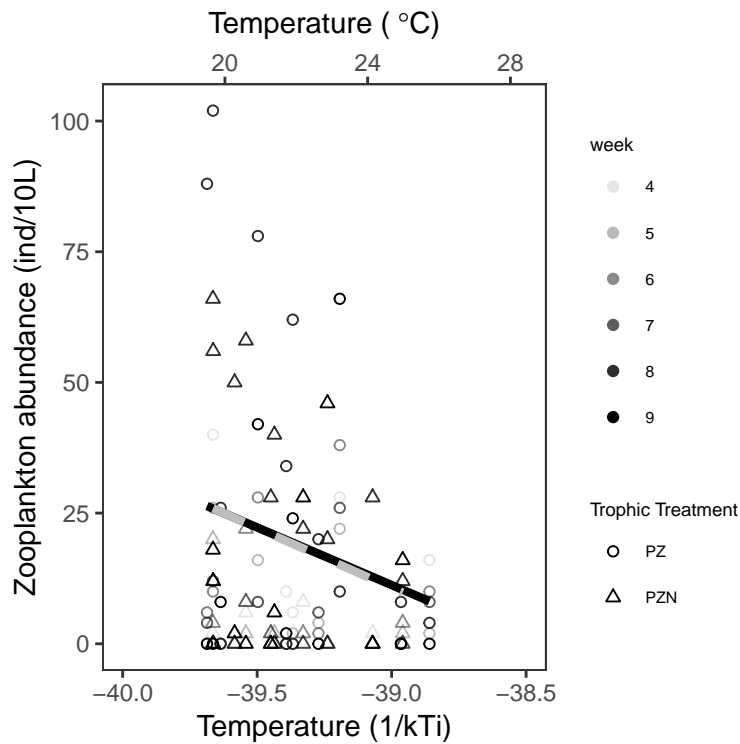

```
##      chisq      ratio      rdf      p
